

EIT HEALTH MEMBERSHIP

Enabling you to be part of the network driving
health innovation and impact across Europe

"EIT Health brings together organisations who want to actively pioneer the future of healthcare across Europe."

Shape the Future of Healthcare - Not Just React to It

As a member, you will be able to:

- Influence and impact health innovation priority policies
- Join Think Tank roundtables and access policy dialogue with EU institutions and national ministries through our network
- Shape the European skills agenda via the European Pact for Skills
- Provide expert feedback on non-EIT funded grant applications
- Vote on governance matters in the Partner Assembly
- Shape EIT Health's strategy through the Strategic Orientation Committees

You're not joining an organisation - you're joining a community defining how European healthcare evolves.

Join a Vast, Vibrant Community of Health Innovators

Your membership will enable you to:

- Join a vast, vibrant community of world-leading health innovators
- Engage with 5,000+ entrepreneurs, businesses, researchers and start-ups in the Innovators Community
- Join exclusive events and networking opportunities across Europe with the potential for discounted tickets for selected events
- Lead or participate in Specialist Interest Groups (SIGs) within our Partner Forum

"Become an active part of Europe's largest trusted health innovation ecosystem, backed by the EU."

One membership opens an entire European ecosystem.

“We don’t just open calls – but offer you access to our network to build your consortia.”

Unlock Funding & Programme Opportunities

Members benefit from:

- Guidance in preparing grant applications
- Advance notification of call launches
- Access to diverse European funding sources
- Preferential access to EIT Health led programme opportunities

Better insight + stronger partners = stronger proposals, increasing your likelihood of securing funding and turning projects from concept into reality.

Accelerate Collaboration & Open Innovation

We will help you:

- Identify and connect suitable consortia partners for funding opportunities
- Boost your open innovation activity
- Access early-stage start-ups and innovation pipelines
- Build trusted cross-sector collaborations faster

“Turn ideas into partnerships, and partnerships into solutions.”

We make collaboration easier, so innovation moves quicker.

“Connect to the people and skills needed to deliver tomorrow’s healthcare innovation”

Access Talent & Build Future Capability

We will enable you to:

- Join talent events across Europe and connect with 5,000+ Innovators Community members, creating long term connections
- Get an early connection to emerging entrepreneurs and innovators
- Contribute to and benefit from our coordinated programme of skills development, aligned to future healthcare workforce needs

Find the right people to build teams, capability and expertise for your next innovation.

Visibility, Credibility & Recognition

As a member you can:

- Get visibility across the European health innovation ecosystem and events for your projects and innovations
- Be positioned alongside trusted EU-backed partners
- Access opportunities to showcase your expertise, initiatives and impact
- Use the EIT Health member logo

“Promote your organisation’s profile as a recognised European innovation leader.”

Be recognised not only for participating in innovation — but for leading it
